Conditions

- 1 **Act**
The issuance of a Permit shall not prevent a Safety Codes Officer from issuing a correction notice if a gas installation or part thereof is found not to be in accordance with the Safety Codes Act, pursuant regulations, or bylaws.
- 2 **Deviation**
No deviation from the plans, specifications or information contained on the application for this Permit shall be permitted without prior written authorization from the Safety Codes Officer.
- 3 **Expiry**
This Permit expires one year from the date of issue.
- 4 **Safety Codes Officer**
The person authorized to perform the installations governed by this Permit shall notify the Safety Codes Officer prior to concealment of any portion of the installation.
- 5 **Location of utilities**
Before excavation is started, check for the location of utilities.
- 6 **Inspection**
The permit applicant shall contact the Safety Codes Officer to arrange for the following required inspections: rough-in and final inspections of all installations exceeding 400,000 BTU, and final inspection of all installations 400,000 BTUs or less. All installations are required to be tested by air/liquid solution, or leak detection device. Testing is to be verified by the Safety Codes Officer to a minimum air test of 15 psi.
- 7 **Important notice**
If any portion of the work is concealed prior to an approval by a Safety Codes Officer, all work may be requested to be uncovered.
- 8 **Re-inspection**
Any required re-inspection may be subject to a re-inspection fee, as per the current fee schedule. This fee is required to be paid before to the re-inspection takes place.
- 9 **Offense**
Any person who commits a breach of any of the provisions of the Safety Code Act, or regulations made pursuant thereto, or of the conditions of a Permit, is guilty of an offence under the Act.
- 10 **Approval**
Neither the examination of plans and specifications nor the issuance of a permit shall be construed to be an approval of any installation made or done in contravention of any provision(s) of a bylaw, an agreement or the Safety Codes Act or regulations. Satisfactory inspections are required for final approval.
