- 1) agree to make all reasonable efforts to ensure easy access to the land by the County for the purpose of collecting all waste, organics and recyclable materials
- 2) permit the use on the land of such equipment and materials as the County considers necessary, which, without limiting the generality of the foregoing, shall include waste collection vehicles and containers and

at a location on the land as shown in the site plan attached.

And in consideration of the benefits and the performance of the work as aforesaid I/we do hereby fully release and discharge the said County and its employees, servants, agents, contractors and assigns from any and all claims, demands, or actions for damages, costs, loss of services, disbursements and any and all other claims for damages whatsoever, both in law and in equity, on account of, or in any way resulting from personal injuries, death or property damage sustained by me, and waive any right, cause of action or other claim of whatever kind which I/we might have against the County, arising out of or incidental to anything done or not done in the performance of the said work, save and except for the negligence of the County.

The County shall provide the waste collection services between the hours of 7:30 a.m. and 9:00 p.m. on the specified designated collection day (to be determined by the County and communicated with the Owner). In the event of emergencies or special events, the County may have access outside the designated collection day to ensure waste collection services are complete.

The County is mitigating driveway and/or road damage by providing waste collection utilizing a smaller collection vehicle. The County will therefore not be liable for regular wear and tear to the Owner's driveway or access road.

I/we agree to hold harmless and indemnify the County from any and all liability for any property damage, personal injury to any third party or other financial loss or expense, including legal expenses and costs (on a solicitor and his own client basis), which arise out of, or incidental to anything done or not done in the performance of the said work, except for the negligence of the County.

This Right of Entry shall commence January 1, 2011 and shall continue until the Owner cancels collection services with the County, the Owner ceases to be the Owner of the land, or until such time as collection service is again permissible on provincial highways.
